Letter no C100-24 dated the 19th/22nd March 1924 states that there are no specific terms under which the Sanyasappa of Bellary has provided free of rent a building for the location of the L.M. dispensary at the place, but that the offer was purely philanthropical.

Opening of a Local Fund Dispensary at Bellur in the Nagamangala Taluk.

In their Order No.L.8293-6/Med.49-22-4 dated the 26th June 1923, Government accorded sanction to the opening of a Local Fund Dispensary at Bellur in the Nagamangala Taluk, and in their Order No.L.9165-8/Med. 29-23-13 dated the 29th May 1924, Government accepted with thanks an endowment of Rs.3,000 towards the construction of the dispensary building given by Mr. Gangappa, a Sowcar of the place, and the Chief Engineer of Mysore was requested to have the necessary plan and estimate prepared for the work.

2. With his letter No.1325 dated the 30th July 1925, the Chief Engineer of Mysore forwarded plan and estimate, the latter amounting to Rs.6,015 for the building in question and recommended that the work of constructing the dispensary building may, as requested by the donor, be entrusted to him, the usual establishment and tools and plant charges for supervision by the Public Works Department being waived.

3. This was approved in Government Order No.L.1782-7/Med.49-22-12 dated the 7th September 1925, but as in the Mutchalika executed by the donor, the cost had been entered as Rs.4,000, the Chief Engineer was requested to see that the plan was suitably modified, if necessary, without impairing the usefulness of the building. The donor has, however, since generously come forward to construct the building according to the plan and estimate of the Public Works Department for Rs.6,015. The Deputy Commissioner will be asked to include Mr.Gangappa's name among those deserving recognition for public service after the building is completed.

Sir,

I have the honor to enclose herein an application from Mr. Gangappa, a Sahukar resident in Bellur offering to put up building for the Local Fund Dispensary at the place. The dispensary is at present located in a rented building which, although about the best that could be procured locally, - is not very suitable. I saw the gentleman and was able to canvas him to turn his philanthrophy into this most useful direction. The only conditions he wishes to impose are that he should be allowed to construct the building himself, conforming of course to approved type designs and plans, and that he should be permitted to put up a tablet inscribing his name as the donor. These requests are but reasonable and may be granted. Once the building is completed in this manner, it will be made over absolutely to Government.

I request that you will be so good as to obtain and communicate the sanction of Government to the acceptance of the terms of the offer and to permit the gentleman to proceed with the work. The plan and design will be obtained from the Chief Engineer and furnished to Mr. Sahukar Gungappa.

I may add that I have inspected and approved the proposed

site for the dispensary.

Requesting early orders.

I have the honor to be,

Sir,

Your most obedient servant,
